GRADING EXPLANATION AND SPECIAL NOTES:

St. Margaret's Episcopal School does not rank students.

Grade point calculations include all graded academic courses. Physical Education, sports, and any courses with a P (pass) designation are excluded from the GPA calculations. Honors courses receive an extra .5 point and Advanced Placement courses receive an extra 1.0 point in the computation of the weighted calculations for all grades of C- or above. The additional point is not granted if the letter grade for the course is below a C- or the semester of the course is not completed.

Calculations are based on the following Grading Scale:

An R designation after a grade means that the course was repeated in a subsequent semester.
